

Saints Joachim and Anne Ministry (JAM)

Permission Form

JAM's goal is to bring joy filled friendship to you! JAM connects you with another member of the community who desires your friendship. This friendship will take place through frequent phone calls and letters between you and your soon-to-be companion.

For your safety and ours we ask that you sign this permission form. By doing this you agree to share your address, phone number, and email address (optional) with JAM. JAM agrees to keep your information confidential, only sharing it with the JAM ministry and your personal companion. In addition, to expedite the process of finding a companion who shares your interests, JAM also asks that you share a short bio about yourself. It can be as simple as your favorite color or a short story of your life, whatever you feel comfortable sharing. This will also be confidential. We look forward to bringing you friendship!
